Shirley has been instrumental in the rapid growth and successful progress of Society of Samaritans' ministry as a whole, and we as a board are grateful to have her serve as a leader to our organization and ministry in her capacity as a volunteer. Shirley says, "I am excited about what God is doing in our community through the ministries of Society of Samaritans. We have such a giving, generous community who genuinely care about our neighbors who are less fortunate than we are. Every day business owners, law enforcement officers, Government and municipality officials, civic organizations, churches, residents, school and college leaders are looking for ways to help and serve. This unified bond enables SOS to fulfill our mission which is to communicate and model the love of Jesus Christ through committed partnerships to address the physical, financial, social, emotional and spiritual needs of our community with respect and compassion." Please join us as we welcome newly appointed Executive Director, Shirley Jensen.
